Work Experience

Web Developer | ISAM | 6-Months

- Built elegant websites based on client requirements.
- Handled theme setup, plugin installation, and made visual adjustments using built-in tools.
- Managed content updates, page structuring, and ensured mobile responsiveness.
- Performed regular maintenance tasks including backups, updates, and troubleshooting.

Web Developer | CWD Tech | 5-Months

- Developed websites using both WordPress and Shopify platforms for small to mid-sized clients.
- Customized layouts and fixed styling issues using HTML, CSS, and basic JavaScript.
- Created reusable sections in Elementor and worked with custom fields for dynamic content.
- Handled Shopify page setups including homepage, product, and collection customization.
- Focused on consistent design, responsive structure, and cleaner user interfaces across devices.

Web Developer | Proclamation Hub | May 2025–Present

- Work on full-cycle website projects involving WordPress, Shopify, and frontend development.
- Build advanced layouts in Elementor and apply custom code for styling, spacing, and responsiveness.
- Structure clean, responsive pages using HTML, CSS, and JavaScript for enhanced frontend control.
- Customize Shopify themes to match brand requirements and improve layout flow.
- Collaborate with team leads, manage ongoing updates, and deliver polished, client-ready websites.
